and Chemical Engineering**

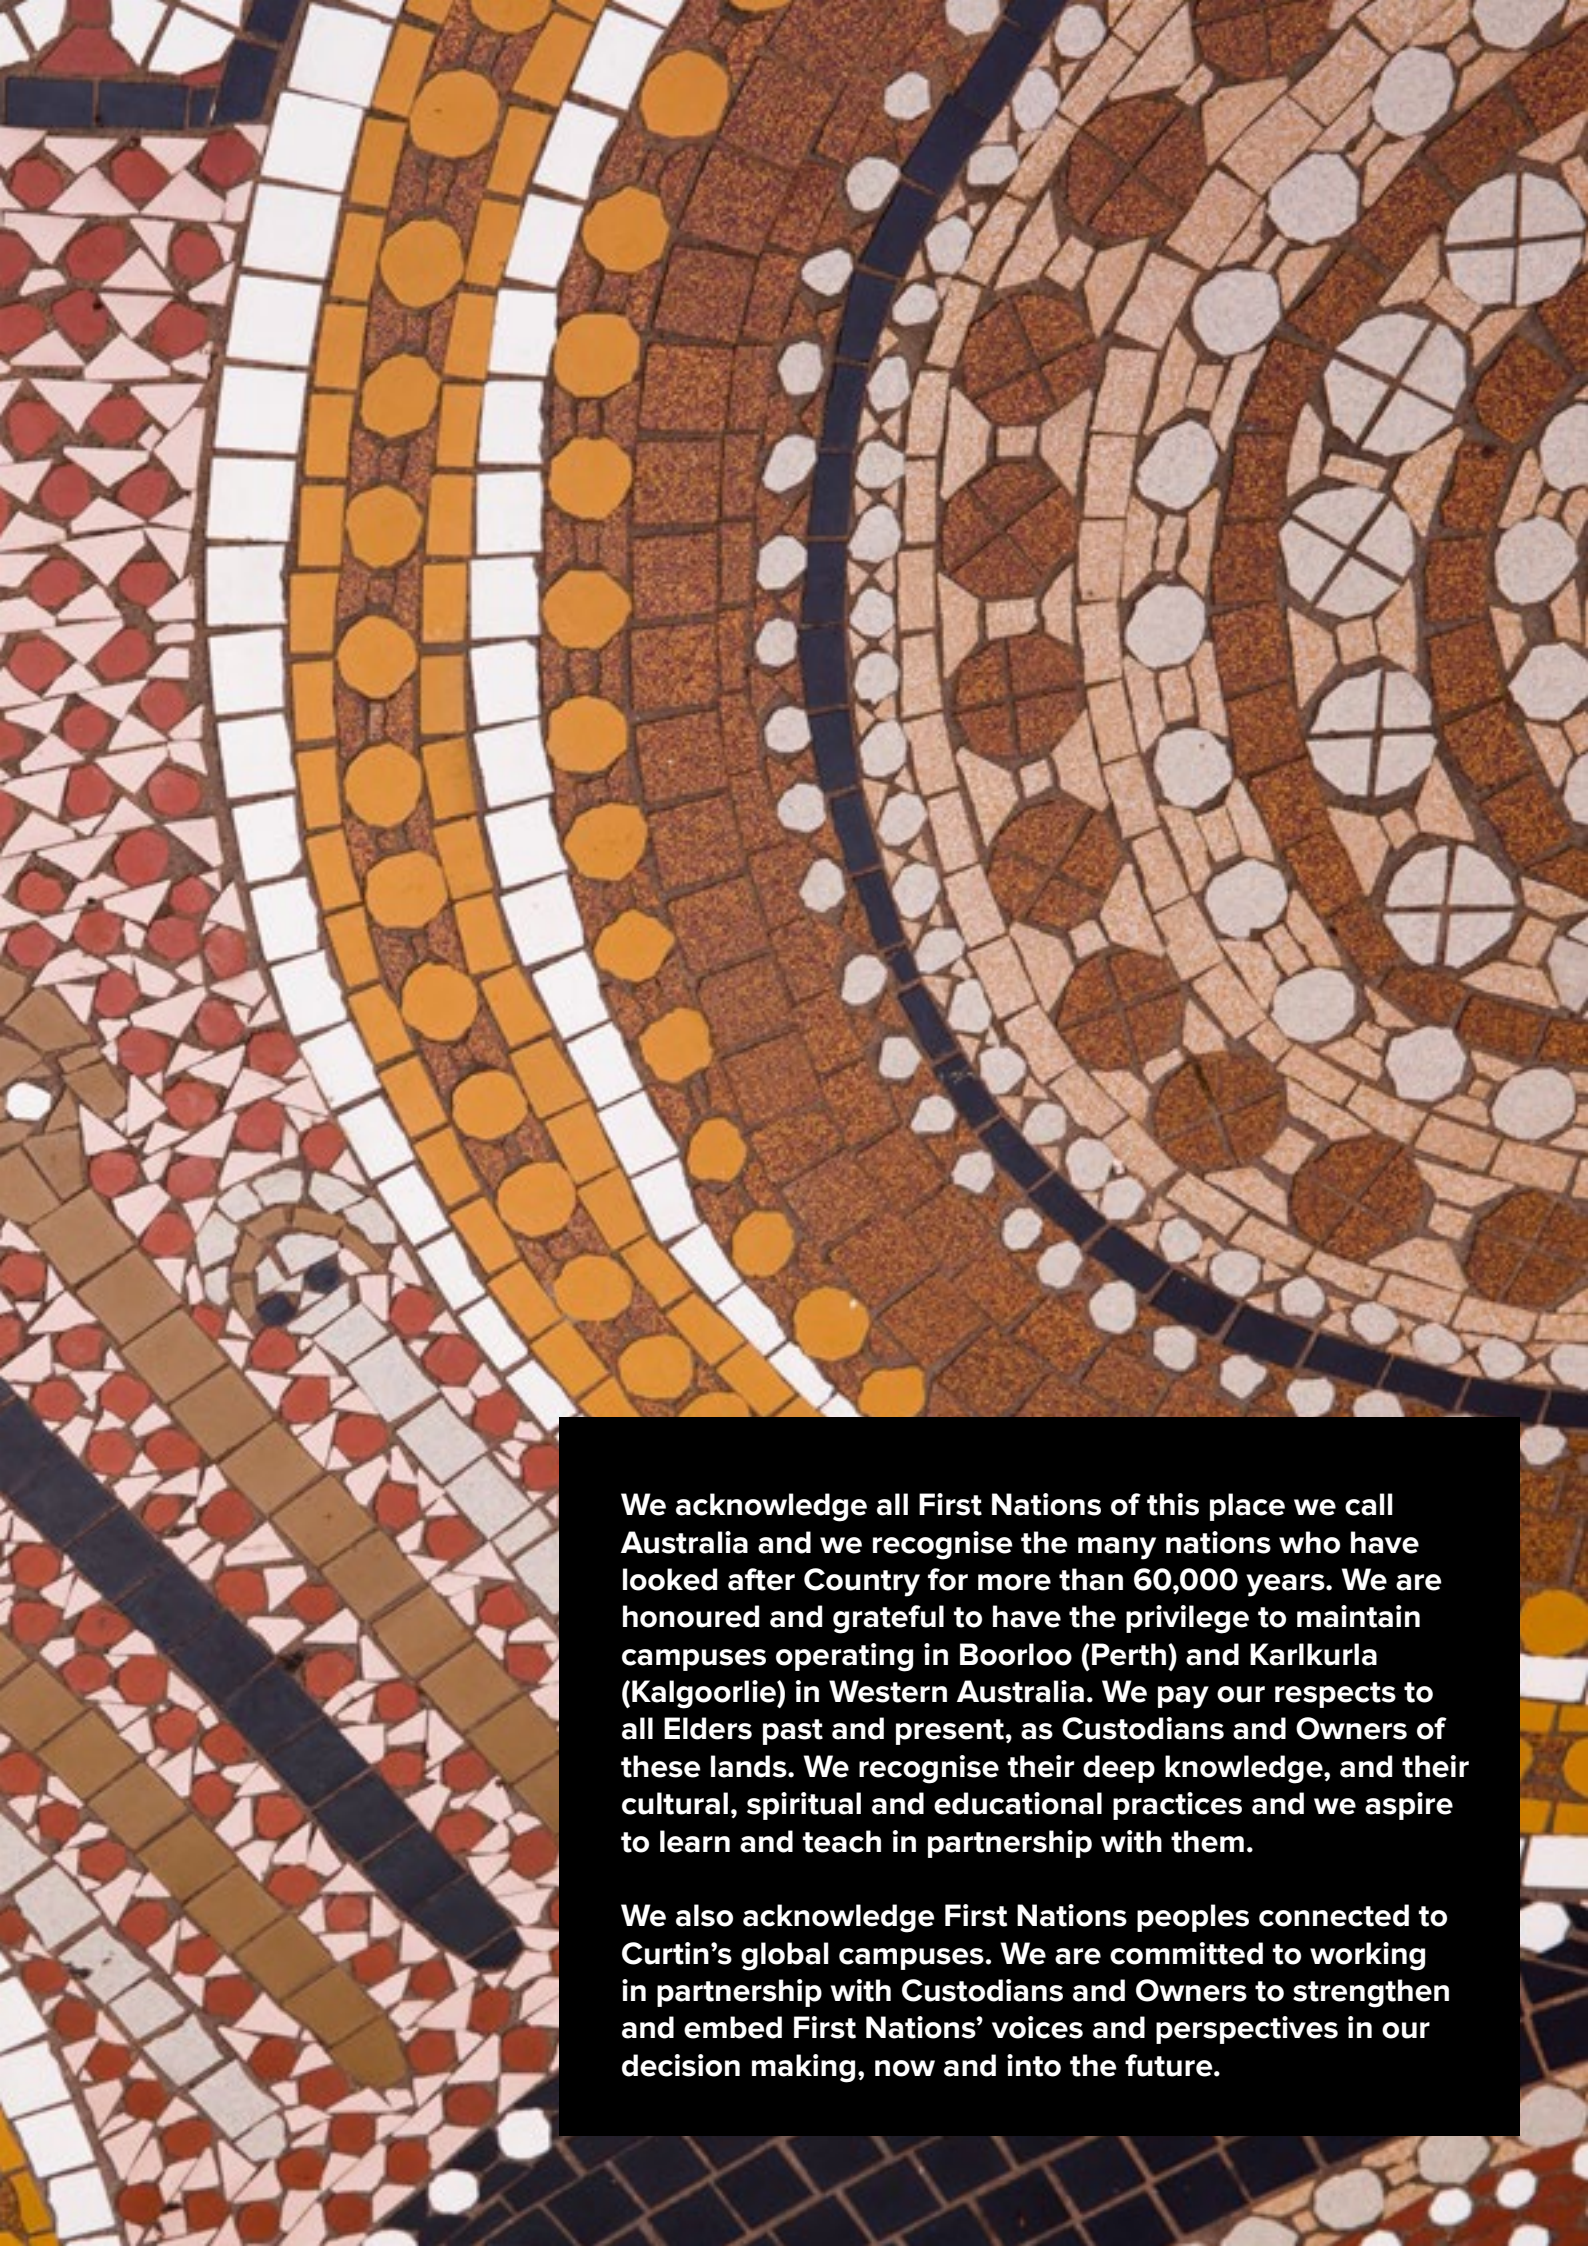

## ***Scholarships Guide***

**Make tomorrow better.**

**We acknowledge all First Nations of this place we call Australia and we recognise the many nations who have looked after Country for more than 60,000 years. We are honoured and grateful to have the privilege to maintain campuses operating in Boorloo (Perth) and Karlkurla (Kalgoorlie) in Western Australia. We pay our respects to all Elders past and present, as Custodians and Owners of these lands. We recognise their deep knowledge, and their cultural, spiritual and educational practices and we aspire to learn and teach in partnership with them.**

**We also acknowledge First Nations peoples connected to Curtin's global campuses. We are committed to working in partnership with Custodians and Owners to strengthen and embed First Nations' voices and perspectives in our decision making, now and into the future.**

# Welcome

Open doors to opportunities through our range of scholarships at the WA School of Mines: Minerals, Energy and Chemical Engineering (WASM: MECE). Whether you need financial support, assistance with relocation, or recognition for your academic achievements, we have scholarships tailored to your unique needs.

Here at WASM: MECE, we have a number of scholarships available to strengthen your learning experiences here at our campuses. We have a variety of opportunities available, such as Future Student Scholarships, Current Student Scholarships and International Student Scholarships.

Scholarships are part of our School's commitment to rewarding academic excellence, supporting research and enabling students from all backgrounds to realise their potential. These are available for both commencing and current WASM: MECE students. Scholarships are more than just financial support - they can enhance your portfolio of achievements, so if you're an eligible applicant, we welcome you to apply now!

# Aboriginal and Torres Strait Islander Scholarship Program

The Scholarships Office aims to encourage and support Aboriginal and Torres Strait Islander students by providing this one application to assess and inform students of any or all scholarships they may be eligible for. It is the gateway for Aboriginal and Torres Strait Islander people to apply for all scholarships at Curtin University.

If you would like any assistance with your application or if you would like to speak with someone about this Scholarship Program, please contact the Scholarships Office or the Indigenous Student Support Team.

## Student type

- Current Students

## Course type

- Pathways to undergraduate
- Undergraduate
- Postgraduate coursework

## Specifically for

- Aboriginal/Torres Strait Islander Students

## Citizenship

- Australian Citizen

## Scholarship base

- Need Based
- Merit Based

## Value

This scholarship provides a single gateway for Aboriginal and Torres Strait Islander students to apply for all scholarships currently on offer at Curtin University.

There are many scholarships available in 2024 - some provide one-off payments, others provide support for the expected duration of the recipient's degree. Once you apply and are assessed for eligibility, then the Scholarships Office can advise you on the specific value of a scholarship.

## Scholarship Details

### Eligible courses

All enabling courses, undergraduate degrees and postgraduate degrees.

### Eligibility criteria

Applicants must meet the following criteria to be eligible to apply through the Aboriginal and Torres Strait Islander Scholarships Program:

- Aboriginal or Torres Strait Islander descent

Other eligibility criteria will vary according to the scholarship. The Scholarships team will assess and match you to all scholarships that you are eligible for. Usually if you are successful in more than one scholarship, you will be awarded the highest value scholarship. In some cases, you may have the opportunity to select your preferred scholarship.

# Equity Scholarship Program

The Scholarships Office aims to encourage students who are experiencing financial hardship, come from a disadvantaged background and/or identify as being in an equity group by providing this one application to assess and inform students of any or all equity based scholarships they may be eligible for. It is the gateway for students in need to apply for all equity based scholarships at Curtin University.

## Student type

- Current Students

## Course type

- Pathways to undergraduate
- Undergraduate
- Postgraduate coursework

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Need Based

## Value

This scholarship provides a single gateway for students in need to apply for all equity base scholarships currently on offer at Curtin.

There are many scholarships available in 2024 - some provide one-off payments, others may provide continuing support. You will be assessed and considered for all scholarships that you may be eligible for.

Below is a list of scholarships for consideration within the 2024 - Semester 1 - Equity Scholarship Program:

- Christopher Bise Memorial Scholarship
- Curtin STAR Scholarship
- Curtin Enabling Program Bursary
- Dylan Alcott Foundation Scholarship
- Edna Maskell Scholarship
- Elizabeth Margaret Bolton Postgraduate Scholarship
- Euroz Hartleys Scholarship
- Fieldwork Bursary
- Jump Start Nursing Scholarship
- Library, Archives, Records and Information Science (LARIS) Alumni Chapter Scholarship
- Mark Oliver Scholarship in Information Technology and Computer Science
- Peter Bradford Scholarship
- Postgraduate Equity Grant
- Red Hill Minerals Equity Scholarship
- Sir William Tyree Scholarship in Engineering
- WA Women's Society of Fine Arts & Craft Scholarship
- Wheatley Family Foundation Scholarship

If you are successful in more than one scholarship, you will be awarded the highest value scholarship. In some cases, you may have the opportunity to select your preferred scholarship.

## Scholarship Details

### Eligible courses

- All enabling courses, undergraduate (including Honours) and postgraduate coursework degrees at Curtin University

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Equity Scholarship Program

- Australian or New Zealand Citizen, Australian Permanent Resident or Australian Permanent Humanitarian Visa holder
- Enrolled full-time or part-time in an enabling, undergraduate degree (including Honours) or postgraduate coursework degree at Curtin University in semester 1, 2024
- Have a Minimum Course Weighted Average (CWA) of 50 (if applicable)
- Experiencing financial hardship, come from a disadvantaged background and/or identify as being in an equity group

# Australian Institute of Mine Surveyors (AIMS) Scholarship

This Scholarship aims to support and encourage students who are passionate about the field of mine surveying.

AIMS provides professional representation to government, industry, and educational organisations on mine surveying issues throughout Australia. For over 40 years, AIMS has actively supported qualified mine surveyors, represented the industry, and advocated for change. The organisation assists its members in maintaining their competency through regular Continuing Professional Development events, including seminars, webinars, interactive days, and other educational activities. Furthermore, AIMS plays a significant role in mentoring the next generation of mine surveyors.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Australian Institute of Mine Surveyors (AIMS) Scholarship will provide the following support for the expected remaining duration of the undergraduate degree (based on a full-time enrolment of 100 credits):

- A total value of up to \$15,000 paid as a cash stipend of \$2,500 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Affiliate membership with AIMS (until the Scholarship tenure is complete)
- Volunteer mentorship opportunities with an AIMS Member

## Scholarship Details

### Eligible courses

- Bachelor of Mine and Engineering Surveying

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Australian Institute of Mine Surveyors (AIMS) Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or Australian Permanent Humanitarian Visa holder
- Enrolled full-time or part-time (minimum 50 credits) in any year level of the Bachelor of Mine and Engineering Surveying in semester 1, 2024
- Have a minimum course weighted average (CWA) of 60
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Christine Foster Scholarship

The Christine Foster Memorial Scholarship has been developed to support female students studying a Science and/or Engineering undergraduate degree in memory of Christine Foster. The Scholarship has been established in perpetuity by Christine's former classmates and friends.

Christine Foster grew up in Kalgoorlie and attained a Bachelor of Engineering (Mining) at the WA School of Mines Kalgoorlie campus from 1993-1996. Following graduation, Christine pursued a career in mining, gaining early experience in Australian and New Zealand underground mines. She was highly respected by her peers and was a motivated professional, improving standards and challenging barriers for females in her chosen career path. During a working holiday in Edinburgh, Christine died tragically on 29 June 2000. In her memory, Christine's former WASM classmates and friends have endowed the Christine Foster Memorial Scholarship to support female students pursuing science and engineering courses at Curtin. Had she lived, Christine would certainly have continued to bring about positive change within the resources sector due to her skills and determination, and the high regard in which she was held by her peers.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Christine Foster Scholarship will provide the following support for up to one year (based on a full-time enrolment of 100 credits per semester):

- A total value of up to \$10,000 paid as a cash stipend of \$5,000 per semester. The stipend can be used at the recipient's discretion to contribute towards educational related expenses

## Scholarship Details

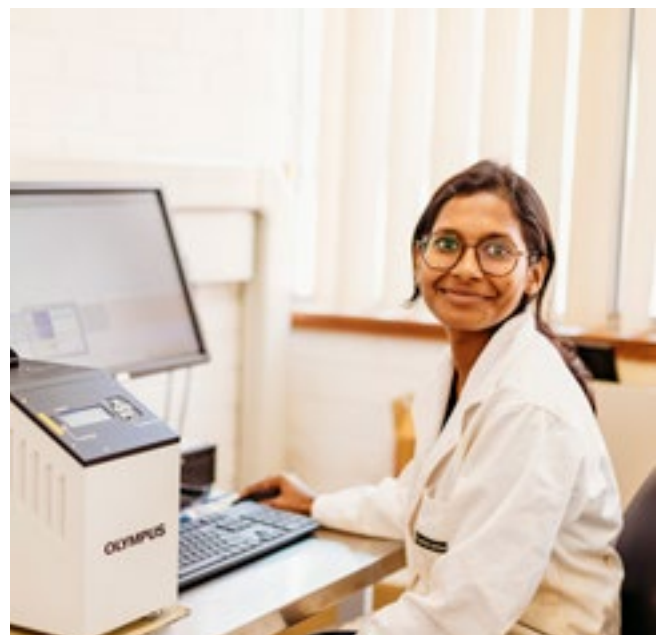

### Eligible courses

- All Science and Engineering undergraduate degrees, including double degrees

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Christine Foster Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or an Australian Permanent Humanitarian Visa holder
- Identify as female
- Enrolled full-time (minimum 75 credits) in the third year of any Science and Engineering undergraduate degree in semester 1, 2024
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Kwok and Yang Families Scholarship

The Kwok and Yang Families Scholarship was established to support high-performing international students whose financial situation has changed since accepting their course offer. The Donors understand the challenges faced by international students, having experienced moving to Australia to complete university studies themselves. They wish to support students that are academically high-performing but may require some additional financial support to relieve pressures.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- International Student

## Scholarship base

- Merit Based

## Value

The Kwok and Yang Families Scholarship will provide the following support:

- A one-off cash payment of \$2,500. The amount can be used at the recipient's discretion to contribute towards educational related expenses

## Scholarship Details

### Eligible courses

- All Curtin undergraduate courses, including honours

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Kwok and Yang Families Scholarship:

- International student
- Have a minimum course weighted average (CWA) of 70
- Have completed a minimum of 200 credits at a Curtin campus in Western Australia\*
- Be studying at a Curtin University campus located in Western Australia
- Students financial situation has changed since accepting their course offer

\*Any CRL received for the current course of study will not be considered as a part of the minimum credit completion requirement.

# Michael Spratt Scholarship

The Scholarship was established by Neometals to honour the memory of Michael Spratt, a colleague and friend who sadly passed away. The purpose of the Scholarship is to support one final year student undertaking an eligible degree, with preference given to students studying at the Kalgoorlie campus.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Michael Spratt Scholarship will provide the following support for up to one year (based on full-time enrolment of 100 credits per semester):

- A total value of \$15,000 paid as a cash stipend of \$7,500 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Possible paid vacation work at Neometals

## Scholarship Details

### Eligible courses

Enrolled in their final year in any of the following courses:

- Bachelor of Science (Science) (Extractive Metallurgy)
- Bachelor of Engineering (Metallurgical Engineering) (Honours)
- Bachelor of Engineering (Chemical Engineering) (Honours) & Bachelor of Science (Science) (Extractive Metallurgy) double degree

## Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Michael Spratt Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident or Australian Permanent Humanitarian Visa holder
- Be enrolled full-time (minimum 75 credits) in the final year of an eligible course in semester 1, 2024
- Have a minimum course weighted average (CWA) of 60
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# MNG Scholarship for Women in Surveying

The purpose of the scholarship is to support and develop female surveying students through industry experience and encourage females to remain and contribute to the surveying industry.

McMullen Nolan Group Pty Ltd (MNG) is a major Surveying and GIS consultancy group dedicated to providing personalised and innovative spatial solutions to both the Land Development and Resources & Infrastructure sectors across Australia. The company has developed expertise in a wide range of 2- and 3-dimensional surveying for cadastral, engineering, mining, GIS and mapping. Services range from land subdivision project management to 3-dimensional surveying using terrestrial laser scanning, GIS software development and Photogrammetric Mapping and Visualisation.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The MNG Scholarship for Women in Surveying will provide the following support for up to four years (based on a full-time enrolment of 100 credits):

- A total value of up to \$8,800 paid as a cash stipend of \$1,100 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Guaranteed paid vacation work with MNG each semester break
- An assigned MNG mentor

## Scholarship Details

### Eligible courses

- Bachelor of Mine and Engineering Surveying
- Bachelor of Surveying (Honours)
- Double degrees with the above courses will not be considered

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the MNG Scholarship for Women in Surveying:

- Australian or New Zealand Citizen, Australian Permanent Resident, or an Australian Permanent Humanitarian Visa holder
- Identify as a female
- Enrolled full-time (minimum 75 credits) in any year level of an eligible course in semester 1, 2024
- Have a minimum course weighted average (CWA) of 50
- Committed to undertake vacation work with MNG each semester break
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# MNG Surveying Scholarship

The purpose of the scholarship is to support and encourage surveying students who have a special interest in cadastral surveying, mapping or mining surveying.

McMullen Nolan Group Pty Ltd (MNG) is a major Surveying and GIS consultancy group dedicated to providing personalised and innovative spatial solutions to both the Land Development and Resources & Infrastructure sectors across Australia. The company has developed expertise in a wide range of 2- and 3-dimensional surveying for cadastral, engineering, mining, GIS and mapping. Services range from land subdivision project management to 3-dimensional surveying using terrestrial laser scanning, GIS software development and Photogrammetric Mapping and Visualisation.

- A total value of up to \$5,000 paid as a cash stipend of \$2,500 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Guaranteed paid vacation work with MNG

## Scholarship Details

### Eligible courses

- Bachelor of Mine and Engineering Surveying
- Bachelor of Surveying (Honours)
- Double degrees with the above courses will not be considered

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the MNG Surveying Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or Australian Permanent Humanitarian Visa holder
- Enrolled full-time (minimum 75 credits) in the third or fourth year of an eligible course in semester 1, 2024
- Have a minimum course weighted average (CWA) of 50
- Committed to undertake vacation work with MNG each semester break during the scholarship tenure
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Newcrest Mining Scholarship

The purpose of the Scholarship is to support and encourage students who wish to pursue a career in the mining industry.

Newcrest is the largest gold producer listed on the Australian Securities Exchange and one of the world's largest gold mining companies. Newcrest is known for its strong technical capabilities in exploration, deep underground block caving and metallurgical processing skills.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Newcrest Mining Scholarship will provide the following support for up to three years (based on full-time enrolment of 100 credits per semester):

- A total of \$30,000 paid as a cash stipend of \$5,000 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Paid vacation work (during the recipient's time at Curtin, extending beyond the scholarship's tenure)
- Optional opportunities may be offered depending on performance and course progression, including further vacation work or an early graduate program offer

## Scholarship Details

### Eligible courses

Enrolled in the first year in one of the following courses:

- Bachelor of Science (Science) (Extractive Metallurgy)
- Bachelor of Applied Geology

OR enrolled in the second year in one of the following courses:

- Bachelor of Engineering (Honours) (Chemical Engineering)
- Bachelor of Engineering (Honours) (Civil and Construction Engineering)
- Bachelor of Engineering (Honours) (Mechanical Engineering)
- Bachelor of Engineering (Honours) Metallurgical Engineering)
- Bachelor of Engineering (Honours) (Mining Engineering)
- Double degrees will not be considered

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Newcrest Mining Scholarship:

- Australian or New Zealand citizen, Australian permanent resident, or Australian permanent humanitarian visa holder
- Enrolled full-time (100 credits) in an eligible course and eligible year level in semester 1, 2024
- Have a minimum ATAR of 70 (for students commencing first year in an eligible science course)
- Have a minimum course weighted average (CWA) of 60 (for students commencing second year in an eligible engineering course or for students commencing first year in an eligible science course who have entered the undergraduate course through a Curtin enabling program)
- Demonstrated interest and willingness to participate in work experience with Newcrest Mining
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Peter Collins Scholarship

The Peter Collins Scholarship funded by Neometals was established to support final year Applied Geology students with preference given to students studying at the Kalgoorlie campus.

Neometals is a sustainable battery materials producer. The Company has developed a suite of green battery materials processing technologies that reduce reliance on traditional mining and processing and support circular economic principles.

## Student type

The Peter Collins Scholarship will provide the following support for up to one year (based on a full-time enrolment of 100 credits per semester):

- A total value of \$15,000 paid as a cash stipend of \$7,500 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses

## Scholarship Details

### Eligible courses

- Bachelor of Science (Applied Geology)
- Double degrees with the above course will be considered

## Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Peter Collins Scholarship:

- Australian or New Zealand Citizen or the holder of an Australian Permanent Resident or Australian Permanent Humanitarian Visa
- Enrolled full-time (minimum 75 credits) in the third year of the Bachelor of Science (Applied Geology) in semester 1, 2024
- Double degree applicants must be in their final year (fourth year) to be considered eligible
- Have a minimum course weighted average (CWA) of 65
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Primero Scholarship

The Primero Scholarship is designed to support and nurture exceptional students that demonstrate leadership and community engagement; it is an incredible opportunity for aspiring engineers to receive financial assistance during their studies and recognition for their dedication to their specialised field of study, where their leadership skills and independence are not only valued, but also honed.

## Student type

## Value

The Primero Scholarship will provide the following support for up to a maximum of three years (based on a full-time enrolment of 100 credits per semester):

- A total value of up to \$15,000 paid as a cash stipend of \$2,500 per semester. The amount may be used at the recipient's discretion for educational expenses.

## Scholarship Details

### Eligible courses

- Bachelor of Engineering (Chemical Engineering)
- Bachelor of Engineering (Civil and Construction Engineering)
- Bachelor of Engineering (Electrical and Electronic Engineering)
- Bachelor of Engineering (Mechanical Engineering)

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Primero Scholarship:

- Australian citizen, New Zealand citizen, Australian Permanent Resident, or Australian Permanent Humanitarian Visa holder;
- Enrolled full-time (100 credits) in the 2nd, 3rd or 4th year of studies in an eligible course
- Have a minimum Course Weighted Average (CWA) of 65

# Rio Tinto Women in Mining Scholarship

The purpose of this scholarship is to provide financial support and create opportunities for female students pursuing a degree in mining engineering, with the aim of encouraging gender diversity within the industry.

## Student type

- Current Students

## Course type

- Undergraduate
- Citizenship
- Australian Citizen
- Australian Permanent Resident

The Rio Tinto Women in Mining Scholarship will provide the following support for up to one year (based on a full-time enrolment of 100 credits):

- A total value of up to \$10,000 paid as a cash stipend of \$5,000 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Guaranteed paid vacation work with Rio Tinto
- Guaranteed mentorship opportunities
- Networking event opportunities

## Scholarship Details

### Eligible courses

- Bachelor of Engineering (Mining Engineering) (Honours)
- Double degrees are considered eligible

## Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Rio Tinto Women in Mining Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or an Australian Permanent Humanitarian Visa holder
- Identify as a female
- Enrolled full-time (minimum 75 credits) in the second year or above in the Bachelor of Engineering (Mining Engineering) (Honours) in semester 1, 2024
- Have a minimum course weighted average (CWA) of 60
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Rowe Scientific Metallurgy Scholarship

The Rowe Scientific Metallurgy Scholarship has been developed by Rowe Scientific Pty Ltd in conjunction with Curtin University to encourage and support students who have chosen to study metallurgy at Curtin University (Western Australian School of Mines).

Rowe Scientific Pty Ltd has been supplying the scientific community and laboratories around Australia since 1987. They wish to give back to the community through supporting technical people who are studying in areas that will support the industries that have supported Rowe Scientific, and therefore wish in this case to support students who major in Metallurgy.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen

## Scholarship base

- Merit Based

## Value

The Rowe Scientific Metallurgy Scholarship will provide the following support for up to three years (based on full-time enrolment of 100 credits per semester):

- A total value of \$15,000 paid as a cash stipend of \$2,500 per semester. The stipend may be used at the recipient's discretion to contribute towards education-related expenses such as textbooks and/or general living expenses

## Scholarship Details

### Eligible courses

The scholarship is open to students:

Commencing their first year of studies in the following:

- Bachelor of Science (Science) (Extractive Metallurgy)
- Enrolled in their second year of studies in the following (completed 200 credits):
- Bachelor of Engineering (Metallurgical Engineering) (Honours)

Double degrees with any of the above courses are considered and students must be commencing their third year of studies (completed 400 credits) to be eligible to apply.

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Rowe Scientific Metallurgy Scholarship:

- Australian Citizen, Australian Permanent Resident or New Zealand Citizen
- Enrolled full-time (100 credits) in an eligible course and year level at Curtin University in semester 1, 2024
- Have a minimum course weighted average (CWA) of 65
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# SCAA Memorial Trust Scholarship

The Surface Coatings Association Australia Inc. (SCAA) is a not-for-profit membership organisation which aims to further the understanding and development of the technology of Surface Coatings in Australia. SCAA is not an industry body but is made up of individual members from within these industries. SCAA Memorial Trust for Education and Research was set up in 1995 to foster projects of an educational and/or research nature considered worthy of support by the Association.

The SCAA Memorial Trust Scholarship has been developed between the Surface Coatings Association Australia Inc. and Curtin University to support a Bachelor of Science or Bachelor of Engineering student enrolled in any Honours year that has research associated with coatings technology, for example polymers, pigments, corrosion or adhesion problems or rheology.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The SCAA Memorial Trust Scholarship will provide the following support for up to one year (based on full-time enrolment of 100 credits per semester):

- A total of \$5,000 paid as a cash stipend of \$2,500 per semester. The amount can be used at the recipient's discretion towards educational related expenses

## Scholarship Details

### Eligible courses

- Bachelor of Science (Honours)
- Bachelor of Engineering (Honours)
- Or any Honours year that has research associated with coatings technology

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible for apply for the SCAA Memorial Trust Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident or Australian Permanent Humanitarian Visa holder
- Enrolled in an eligible honours course at Curtin
- Undertaking a research project that relates to coatings. The research involved can relate to the raw materials for coatings, or into the use of coatings
- Not in receipt of any other scholarships that are from the same funding source and/or for the same purpose

# Techking Scholarship

The Techking Scholarship is established to support and encourage committed Mining Engineering students by providing financial assistance.

Techking Tires Ltd specialises in a customised research and development of the design, production, and distribution of mining and construction tires. Techking supplies a wide range of world-leading companies – including, but not limited to Rio Tinto, BHP, Sandvik, and Liebherr.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa
- International Student

## Scholarship base

- Merit Based

## Value

The Techking Scholarship will provide the following support for up to two years (based on a full-time enrolment 100 credits per semester):

- A total value of up to \$20,000 paid as a cash stipend of \$5,000 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses

## Scholarship Details

### Eligible courses

- Bachelor of Engineering (Mining Engineering) (Honours)
- Double degrees will not be considered

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Techking Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, Australian Permanent Humanitarian Visa holder, International
- Enrolled full-time (minimum 75 credits) in the third year of the Bachelor of Engineering (Mining Engineering) (Honours) in semester 1, 2024
- Have a minimum course weighted average (CWA) of 50
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Tronox Scholarship

The purpose of the Tronox Scholarship is to support and encourage students in their studies and to increase awareness of the work undertaken by Tronox.

Tronox is a global company with Mining and Pigment and group operations in Australia, Brazil, China, France, the Netherlands, Saudi Arabia, South Africa, the United Kingdom, and the United States.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Tronox Scholarship will provide the following support for up to one year (based on a full-time enrolment of 100 credits):

- A total value of up to \$5,000 paid as a cash stipend of \$2,500 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Possible paid vacation work (dependant on business operations and availability)

## Scholarship Details

### Eligible courses

- All Science and Engineering undergraduate courses at Curtin
- Double degrees are considered eligible

## Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Tronox Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or Australian Permanent Humanitarian Visa holder
- Enrolled full-time (100 credits) in the third year of an eligible course in semester 1, 2024
- Have a minimum course weighted average (CWA) of 60
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# WASM Mining Excellence Scholarship

The WASM Mining Excellence Scholarship has been established to support students enrolled in their second or third year of Mining or Metallurgy, who have demonstrated academic excellence.

## Student type

- Current Students

## Course type

- Undergraduate
- Citizenship
- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The WASM Mining Excellence Scholarship will provide the following support for up to one year (based on a full-time enrolment of 100 credits):

- A total value of \$10,000 paid as a cash stipend of \$5,000 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses

## Scholarship Details

### Eligible courses

- Bachelor of Engineering (Mining Engineering) (Honours)
- Bachelor of Engineering (Metallurgical Engineering) (Honours)
- Bachelor of Science (Science) (Extractive Metallurgy)
- Double degrees will be considered

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the WASM Mining Excellence Scholarship:

- Australian Citizen, Australian Permanent Resident, Australian Permanent Humanitarian or New Zealand Citizen
- Enrolled full-time (100 credits) in the second year or third year of an eligible course in semester 1, 2024
- Have a minimum course weighted average (CWA) of 65
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Wood Engineering Minerals & Metals Scholarship

Wood is global leader in consulting and engineering. Wood Minerals & Metals Australia is at the forefront of engineering solutions for a net zero future, their team is currently delivering critical metals projects, including Copper, Gold Nickel, Lithium, Vanadium, Rare Earths, and Base Metals. They work across both new (greenfield) and existing sustaining capital works (brownfields) projects, where the nature of work ranges from front end studies through to detailed design and project delivery.

The Scholarship was established to support engineering students by alleviating financial burdens and providing valuable, practical experience through the opportunity for paid vacation work within Wood Minerals & Metals Australia, based in Perth.

## Student type

- Current Students

## Course type

- Undergraduate

## Citizenship

- Australian Citizen
- Australian Permanent Resident
- New Zealand Citizen
- Permanent Humanitarian Visa

## Scholarship base

- Merit Based

## Value

The Wood Engineering Minerals & Metals Scholarship will provide the following support for up to three years (based on a full-time enrolment 100 credits per semester):

- A total value of up to \$30,000 paid as a cash stipend of \$5,000 per semester. The amount can be used at the recipient's discretion to contribute towards educational related expenses
- Guaranteed paid vacation work with Wood Minerals & Metals Australia

## Scholarship Details

### Eligible courses

- Bachelor of Engineering (Chemical Engineering) (Honours)
- Bachelor of Engineering (Mechanical Engineering) (Honours)
- Bachelor of Engineering (Metallurgical Engineering) (Honours)
- Bachelor of Science (Science) (Extractive Metallurgy)
- Double degrees with the above courses will be considered.

### Eligibility criteria

Applicants must meet all of the following criteria to be eligible to apply for the Wood Engineering Minerals & Metals Scholarship:

- Australian or New Zealand Citizen, Australian Permanent Resident, or Australian Permanent Humanitarian Visa holder
- Enrolled full-time (minimum 75 credits) in the second year of an eligible course in semester 1, 2024
- Double degree applicants must be enrolled in their third year of study
- Have a minimum course weighted average (CWA) of 60
- Not in receipt of any other scholarships that are externally funded and/or for the same purpose

# Application process

## Step 1: Prepare

- Application form can be accessed via the 'My Studies' tab in OASIS or via the 'Apply Online' button on the top right-hand side of this page
- If you are an Aboriginal and/or Torres Strait Islander student and would like to be considered for this scholarship (as well as all equity and merit scholarships), we recommend that you apply for the Aboriginal and Torres Strait Islander Scholarship Program

## Step 2: Complete

- Complete the application form online
- Application form can be saved at any point of the process
- Multiple scholarships can be applied for at one time
- Applying for a scholarship - see guidelines and tips (including the interview preparation) on how to complete your application

## Step 3: Submit

- Closing date is listed at the top of the page and within the Scholarships Channel on OASIS
- Incomplete applications will not be assessed
- Once submitted, application status will change to submitted

## Step 4: Receipt

- Application receipt will be sent to student email once application has been submitted

## Step 5: Assessment

- Applications will be assessed by an assessment panel using the following criteria:
  - Responses to questions in application form
  - Academic merit
  - Interview performance (for shortlisted applicants)
  - Preference will be given to students enrolled full-time

## Step 6: Shortlist

- Shortlisted applicants will be sent an interview date and time via their student email in late March to early April
- Shortlisted applicants must be available for the designated interview time (early to mid-April)
- Unsuccessful applicants will be sent a notification via the Scholarship Channel (Student OASIS)

## Step 7: Outcome

- Successful and unsuccessful interview applicants will be notified of their outcome via the Scholarship Channel (Student OASIS) within 6-8 weeks of closing date

## Step 8: Acceptance

- Successful applicants must accept the terms and conditions via the Scholarship Channel (Student OASIS) by the deadline
