

Chemical Management on Campus

Who needs to read this?

All Curtin University workers who have responsibilities for chemicals, including those who order, work with, maintain, or dispose of chemicals.

Background

The lifecycle management of some chemicals is highly regulated. Curtin University has developed a 3-page Chemical Management Flow summary, based on the Chemical Management Plan, to detail the processes for workers to:

1. procure
2. store and maintain
3. dispose of chemicals

- ❖ Access the [Chemical Management Flow 3-page Summary](#)
- ❖ Access the [Chemical Management Flow Guidelines](#)

Key Messages

- Summary of Curtin procedures detailing the lifecycle of chemicals
- Procedures to procure, receive, store, maintain and dispose of chemicals

Who do you call with questions?

If you have any queries, please contact Health and Safety on 9266 4900 or email: healthandsafety@curtin.edu.au or hazardousmaterials@curtin.edu.au
